

AQUARIUS RISING

WINTER AND SPRING PROGRAMME 2004

January 27th SHEILA O'HARA

With Chiron conjunct Mercury on the night, there could be no better occasion for us to invite Sheila O'Hara back to talk about Chiron. Not quite a planet - possibly a planetoid - or maybe just a comet? What, you may ask, is it doing in our charts anyway? Come along and hear Sheila explain the mysterious workings of this enigmatic wounded healer. Whatever else, you will be fascinated!

February 24th NICK GRIER

Tonight we are fortunate to welcome Nick Grier from Edinburgh who has chosen as his topic male chauvinist pigs. Are they still alive and kicking and if so what makes them that way - and is there a kind of inevitability about it? Hopefully he will give us a few tips on how best to handle them!

March 23th NIK FERNEE

Everyone's heard of Chinese astrology. But Japanese? Tonight our guest speaker is Nik Fernee who will introduce us to this nine star ki system of astrology. Intrigued? So are we! Do join us on the night to discover more.

April 27th FREDA EDIS

Tonight we are delighted to welcome back Freda Edis to talk about the MC or Midheaven point in our charts. This shows how we go out to meet the world. It's our public image, the career we are drawn to and even has something to say about our mothers - and possibly fathers. You can't afford to miss this!

May 25th MAGGI WILSON, PAM BLAIR & CAROLE BONE

How do you negotiate the waters of life? With your head or your heart - or perhaps a mixture of both? Pam, Maggi and Carol will be looking at the role of the Moon and Mercury in our charts so it would be a good idea to bring yours along. Hopefully this will appeal to all but especially those of you who are beginners in astrology or just want to brush up on your knowledge.

June 29th MAGGI WILSON, PAM BLAIR & CAROLE BONE

We thought we'd go out with a bang - if you'll excuse the pun. So tonight we focus on sex, lust and passion or any combination of them you fancy! Yes it's Pluto and Mars under the spotlight tonight. And if that doesn't appeal to you, we don't know what will!!

Meeting Schedule: 10 meetings per year. - We meet on the last Tuesday of every month apart from July and December.

Times: 7.15 pm for 7.30 pm start.
7.30 – 8.15 Topic presentation for the evening
