

AQUARIUS RISING

AUTUMN AND WINTER PROGRAMME 2005

August 30th SHEILA O'HARA – SATURN IN LEO_

Many of us breathed a huge sigh of relief when Saturn finally left the sign of Cancer mid July and made its ingress into Leo. Come along tonight as Sheila O'Hara throws light on what Saturn in Leo has in store for us and how we can best use this energy creatively in our own lives. This promises to be an illuminating evening!

September 27th FREDA EDIS – CROSS OF MANIFESTATION

We all have our cross to bear – though some may seem lighter than others! Freda Edis is here this evening to explain to us the importance of the Cross of Manifestation or the four Angles of the birth chart in determining our approach to life, the kind of relationships we attract, our family of origin and our place in the world – all decided by the timing of our birth! Not one to miss!

October 25th MAGGI, PAM AND CAROLE – MARS

Mars often gets a bad press because it can be so direct, forceful, self-assertive, competitive, aggressive, lustful, angry, violent. Yet without it we would dare little and accomplish less. The element Mars is in - whether it be fire, earth, air or water – says much about how comfortable we feel expressing it. Join us tonight as we focus on Mars in the Elements.

November 29th AGM –TRANSITS

Our last meeting of 2005 begins with a swift AGM, sweetened with light refreshments and followed by an open discussion on Transits and how they affect us personally and hopefully leave us not much older but certainly wiser! Come and join us for a bit of fun!

January 31th SHEILA O'HARA – A NIGHT OF NEPTUNE

With Neptune and Mercury on Aquarius Rising's Ascendant tonight and the Moon and Uranus in Pisces we have decided to go with the flow and see where Neptune takes us, putting our trust in the experienced and capable hands of Sheila O'Hara who will help us navigate the astrological waters of the evening.

Meeting Schedule: 10 meetings per year. - We meet on the last Tuesday of every month apart from July and December.

Times: 7.15 pm for 7.30 pm start.
7.30 – 9.30 Topic presentation for the evening
