

SAA Programme Spring 2008

- 27th February** **Caroline Gerard** **Leaplings**
Do people born on 29th Feb have an extra spring in their step? Or are they just incapable of acting their age?
- 12th March** **Aries Ingress Evening**
What does the year ahead hold for us all, regarding weather, government or entertainment? A group discussion.
- 26th March** * **Claire Chandler** **Eclipses**
Claire is the current President of the Astrological Lodge of London. She gave this talk at an AA Conference, where it was very well-received. Eclipses have been described as “the power points of astrology”. Come hear why and how!
- 9th April** **Themed Discussion** **Chart Quadrants**
Know a chart where one quadrant is disproportionately tenanted? Bring it along and let's discuss it. Facilitated by Sara Dunkley.
- 23rd April** * **Kate Czerny** **Hellenistic Astrology**
Kate is the Chair of AAGB Ltd and has been studying Hellenistic Astrology with Robert Schmidt in the USA, so we're very pleased to invite her to Edinburgh to share her knowledge with us. It could well be the next big “thing”!
- 7th May** **Mark Cullen** **Star Myths: Legends of the Ancient Skies**
The myths and legends connected to the fixed stars and constellations provide fascinating insights on the spiritual and astrological beliefs of ancient cultures all across the world. Mark will be illustrating the topic with a visual presentation.
- 21st May** **Nicholas Grier** **Astrology & the Workplace**
Office politics, need-to-know management, sucking up to the boss, blaming others, kick-starting a new project: that's office life. Nicholas explains the quiet use of astrology to advance yourself and to shaft your colleagues. Only kidding! Or is he...?
- 4th June** **Maggi Wilson** **Ted Hughes**
From our Glasgow cousins, Aquarius Rising, Maggi recently spoke about Sylvia Plath's chart and poetry. Now the other half of the story.
- 18th June** **Solstice Party**
Well, why not?

- Denotes a guest speaker for whom there will be an increased charge.
